Dear :

Do you need to improve communication and collaboration without draining IT resources? Do you dream of a truly flexible platform to fit your IT needs? Do you wish you could have it all for a predictable, low monthly cost and reduced capital expenditure? We can help.

The Microsoft® Business Productivity Online Suite is a set of messaging and collaboration solutions hosted by Microsoft. It can help you:

- Get the value of enterprise-level messaging and collaboration services at a reduced overall cost.
- Enjoy the reliable, world-class software experience you know and trust, hosted and managed on the Microsoft network.
- Scale your business with a click by using the flexibility of hosted cloud computing to deploy the solutions you need, when you need them.
- Decrease infrastructure spending while helping increase security and reliability.

The Business Productivity Online Suite gives your people an intuitive and affordable way to share information, files, business processes, calendars, instant messages, and more. It allows your IT staff to rapidly deploy a consistent, reliable experience, without taking time away from business-critical projects. It lets you quickly scale your technology investment to fit your business.

Contact us today to learn how we can help you take advantage of the Business Productivity Online Suite.

Sincerely,

Shahrouz Malekpour
